

# Tall Ted's Impossible Cut!

## Instructions:

1. Find a grown up to help you (like Mum, Dad, Nanna or Pop).
2. Cut out Tall Ted's Impossible Cut. Make sure you cut along the three black lines within the rectangle.
3. Lay the rectangle flat and fold over the central flap making a neat hinge and then fold it back.
4. Lift the sheet by the two short sides, with the flap away from you, and twist one of the L-shaped ends back on itself.

5. Lay the sheet flat again, and fold the flap down both ways to create a fold.
6. The flap should now be erect, with half of the cut-away on each side which makes it look like an Impossible Cut.
