

Make your very own Tall Ted's Manner Reminder.

Simply fold this page wherever you see a change of colour.

You will end up with a page that has three folds in it.

Finally glue or tape this section of the page under the section that says "Tall Ted's Manner Reminder".

Now the piece of paper should look like a triangle from side on, that will help remind you of some very important words.

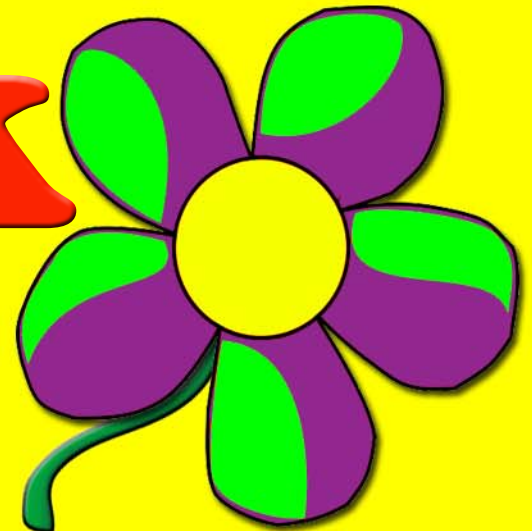

PLEASE don't forget to use them at every opportunity.
