

Little Johnny Paper Puppet Instructions

1. Print out Little Johnny.
2. Ask a grown-up to help you cut around the outside of Little Johnny's face.
3. Tape or glue tabs "A" and "B" to the back of the upper mouth.
4. Tape or glue tabs "C" and "D" to the back of the lower mouth.
5. Once dry, bend the mouth over to form a face!
Don't fold it as this allows the mouth to open when operated.
6. Finally fold out Little Johnny's ears, just like in the picture.
